

Kort biografie van Kabous Meiring

Kabous (Karen-Christine) Meiring is al vir byna tien jaar 'n gespreksfasiliteerder van die program *Prontuit* op KykNET, en ook aanbieder van talle ander programme soos onder andere *Megaboere*.

Sy bemoei haar meesal met sosiale kwessies wat verband hou met Suid-Afrika, maar ook die toestand en potensiaal van die wêreld in die algemeen. Kabous het al talle paneelbesprekings as deel van kongresse en kunstefeeste gelei, waarvan die onderwerpe gestrek het van identiteit, taal en politiek tot die kunste. Sy is ook 'n rolprentregisseur en vervaardiger.

Kabous het nog altyd geglo dat 'n universiteit in Suid-Afrika, soos elders in die wêreld, onlosmaaklik deel is van die land. Die Universiteit van Stellenbosch is vir haar 'n uitstekende voorbeeld hiervan. Sy is 'n trotse oud-student van die Drama-klas van 1998, en Studenteraadslid vir Kultuur van 1999.

Short biography of Kabous Meiring

Kabous (Karen-Christine) Meiring has for almost 10 years now been the discussion facilitator of the programme *Prontuit* on KykNET, as well as presenter of numerous others such as *Megaboere*, among others.

She is mostly concerned with social issues related to South Africa, but also the state and potential of the world in general. Kabous has led various panel discussions as part of congresses and Afrikaans art festivals, of which the topics ranged from identity, language and politics to the arts. She is also a film director and producer.

Kabous has always believed that a university in South Africa, like elsewhere in the world, is an inseparable part of the country. For her the University of Stellenbosch is an excellent example of this. She is a proud member of the Drama Class of 1998, and Student Representative Council member for Culture in 1999.
